Dear Carroll County Community,

Safe Communities is a grant awarded through ODPS OTSO (Ohio Department of Public Safety, Ohio Traffic Safety Office). Carroll County's Safe Communities grant is led by the Carroll County General Health District. The goal is to work together as a community to prevent traffic related fatalities and injuries in Carroll County by increasing traffic safety awareness. Our primary focus is seat belt use, impaired driving, motorcycle safety and distracted driving among adults and teens. The Safe Communities Carroll County coalition has been working over the last two years on conducting traffic safety media campaigns, coordinating events and activities, providing simulators and distributing educational materials to help prevent fatal traffic crashes and injuries from occurring in Carroll County.

I would like to invite you or a member from your department or agency to become a member of the Safe Communities Carroll County Coalition. Your membership would be very valuable in helping make our roads safer in Carroll County.
